## 7) VEHICLE REQUIREMENTS & SCRUTINEERING

In line with the MSCA'S COVID-19 Plan, there will be no in-person scrutineering. Self-declaration of vehicle safety is required. The following forms must be completed and handed in when collecting your Dorian timer on the morning of the event. [https://www.motorsport.org.au/docs/default-source/covid19/scrutiny/self-checklist-speed.pdf?sfvrsn=c2f57c6d\\_4](https://www.motorsport.org.au/docs/default-source/covid19/scrutiny/self-checklist-speed.pdf?sfvrsn=c2f57c6d_4)

[https://www.motorsport.org.au/docs/default-source/covid19/scrutiny/self\\_statement-of-vehicle-compliance.pdf?sfvrsn=30153519\\_6](https://www.motorsport.org.au/docs/default-source/covid19/scrutiny/self_statement-of-vehicle-compliance.pdf?sfvrsn=30153519_6)

All vehicles eligible, including road registered vehicles, shall conform with the requirements of (a) General Requirements for Cars and Drivers, Schedules A and B of the current Motorsport Australia Manual. Please note the following requirements:

- a) All **non road registered** vehicles must, if fitted with an opening front Panel (e.g. Bonnet), **utilise 2 separate fastening systems**. Road Registered Production Vehicles are exempt from this requirement.
- b) A **fire extinguisher** is mandatory and must comply with Australian Standards 1841 (save that extinguishers which meet A.S 1841.2 are not permitted). The extinguisher must be of at least 900g capacity and *be secured by a metal bracket* within easy reach of the driver. (Note: BCF/Halon extinguishers are now prohibited). The manufactured date (NOT Sale Date) must be less than 3 years old. Refer to Schedule H of the Motorsport Australia Manual for full requirements.
- c) All loose objects must be removed from the vehicle.
- d) Tyres to be fitted with **metal valve caps**.
- e) A **supplementary return spring** on each throttle must be fitted.
- f) A **blue triangle** indicating the position of the battery or isolating switch must be adhered to the vehicle.
- g) **Roll-Over Protection** is recommended for open cars. Roll-over Protection must be properly and safely constructed and mounted.
- h) **Helmet and Head Protection:** Where a helmet of an occupant could come into contact with the safety cage structure, protective padding must be applied to that area which complies with SFI Specification 45.1.
- i) **Body Protection:** Where the body of an occupant could come into contact with the safety cage it is recommended (but not mandatory) that flame retardant padding be fitted. SFI Specification 45.1 padding is suitable.
- j) **Road Registered Cars with Safety Cages:** Please note that the Clauses above relating to Roll-Over Protection, Helmet and Head Protection and Body Protection apply.
- k) **Drivers of cars with Log Books** must present their Log Book to the Check In office on the morning of the event..
- l) Any car towed or trailered from the circuit during practice or competition through damage or breakdown must be re-examined by a scrutineer before being allowed back on the track.
- m) Any competitor who decides to pack up and go home before the beginning of the third run of the day **must** report to the Chief Scrutineer or his appointed representative before departing the circuit.
- n) **NOISE RESTRICTIONS: Vehicles which exceed 95dB** shall be shown a black flag with orange disc (meat ball flag), and shall cease competition, leave the track at the first available exit point, and not resume competition until the noise problem has been rectified and verified by the Chief Scrutineer. Times for that session will be cancelled. A second noise infringement will result in (1) all times for the day being cancelled and (2) the competitor shall not be permitted to compete for the rest of the day.
- o) **Engine Noise is to be restricted before 9:00AM. Road Registered Cars** must not be revved over idle speed while driving into the circuit. **Non Road Registered Cars CANNOT** be started before 8AM and are to be rolled off the trailer and left in position.
- p) Where fitted, a rain light must be illuminated on instruction from the Clerk of the Course, or their representative, or as specified in any applicable Event or Sporting Regulations.
- q) Vehicles may compete without operating headlights, but if the Clerk of the Course determines that headlights are required for safety reasons, then Vehicles without operating headlights will not be permitted on the Track. Headlight Glass/Perspex must be clear and not coloured.
- r) Passenger Seats may be removed from Vehicles without affecting Class Eligibility.

## 8) EVENTS

1. Competition car numbers are allocated by the Event Secretary and all cars shall be required to carry regulation competition numbers clearly displayed on the Left and Right sides of the vehicle (Upper Door or equivalent area) as per [Schedule K](#) of the Motorsport Australia manual.
2. All drivers will be allocated a Dorian transponder (serial numbered). This shall be the responsibility of the driver to pick up from the nominated check in area, and returned when no longer required. Failure to return the transponder will mean the competitor re-imbursing the MSCA for the replacement cost. For cars without a fitted Dorian bracket, a supermarket type cloth shopping bag can be used to carry the transmitter. Drivers with personal Dorian transponders must advise the Event Secretary of the Dorian transponder serial number on the MEECAMS system.
3. Run groups and car number allocation will be set by the Event Secretary and drivers advised no later than the Thursday before the event. Subsequent run group changes may be announced at the track on the day. No re-runs will be given for mechanical failure or driver error; however, any re-run allocated by the Clerk of the Course to a competitor or run group must be taken as directed. The decision of the Chief Timekeeper about times recorded shall be final.
4. The Flags to be used at this event are shown in Schedule 1 attached and are as described in the current [Motorsport Australia](#) Manual.
5. The first lap of each run group will be conducted under yellow flags behind a course car. Overtaking is strictly prohibited until you have passed the green flag at the start line.
6. **TSOA Triumph Challenge**
  1. In accordance with NCR, there will be parade laps of Triumph vehicles with passengers behind the Official Course Car at the lunch break. Speed will be significantly reduced and will not exceed 80km/h. No overtaking is permitted. The parade will have an experienced driver as the rear car. The driver must be an entrant of the event. All participants will be required to complete and sign the Motorsport Australia passenger ride entry form. [passenger-ride-entry-form.pdf \(motorsport.org.au\)](#). The passenger session will have a momentary stop on the Start Finish line for an event photograph.
  2. The Triumph Challenge will be open to all entrants driving a Triumph car. It will be timed as a Super Sprint event in accordance with the Motorsport Australia Speed Event Standing Regulations, these Supplementary Regulations and any Further Regulations that may be issued. TSOA delegate Mr Michael Kipp will approve all entries. In the event of the maximum of 20 competitors is not reached. Other similar marque cars will be placed into the all Triumph run group.
  3. The first run will be a timed practice run. Subsequent runs in an effort to minimize the need for passing, the competitor's cars released from dummy grid behind the Official Course Car in speed order.

## 9) SAFETY EQUIPMENT

- a) All competitors will be required to be dressed in long-legged trousers and long-sleeved shirts, or other outer clothing made of non-synthetic material. Shoes must have leather uppers. Refer Schedule D of the Motorsport Australia Manual. [https://www.motorsport.org.au/docs/default-source/manual/general-requirements/schedule-d.pdf?sfvrsn=e7aad4d8\\_16](https://www.motorsport.org.au/docs/default-source/manual/general-requirements/schedule-d.pdf?sfvrsn=e7aad4d8_16) It is highly recommended that drivers wear gloves that comply with FIA Standards.
